Work Experience

- **September 2018 - Current: Trainee Software Developer at _nology**
Training on the Deutsche Bank Tech Accelerator Programme, where we are learning core coding concepts, building our own projects and acquire skill in best practice for software development.
- **July 2018 - July 2019: English teacher at Jubilee Prime School, Seoul, South Korea**
Duties include organising classes, teaching and supervising children aged 6-13.
- **September 2017 - June 2018: Data Assurance Associate at PwC, London, UK**
Worked as a data analyst in the Banking & Capital Markets sector. Duties included liaising and working with FTSE 100 clients and financial institutions to analyse their data.

Relevant Achievements

- **PwC Data Assurance 'Hackathon' 2018**
Helped to organise and run this event for the company which focused on how we can use data analytics to assess the performance of an acquired mortgage company.
- **Contributed to the paper; "X-ray line coincidence photopumping in a solar flare"; published in the monthly notices of the Royal Astronomical Society, 2018**
Final dissertation project focused on finding the possibility of an astrophysical x-ray laser, which was successful. This research contributed to the published work.
- **SQL, R, Python and LaTeX Skills**
- **Disney Cultural Exchange Program participant, 2016**
Was selected to participate in this program for 2 months during the summer; working in the Walt Disney World Resort and sharing my culture with students from around the world.
- **Received a scholarship for women in the games industry with King, 2016**
Was chosen to attend the Gaming Developers Conference in San Francisco as a representative of King, and took part in talks and discussions about working in this industry.

Extra-Curricular

- Business English tutor for Korean nationals; Focusing on summary writing of news articles.
- Secretary of Physics Society; Helped to organise events and took minutes in the bi-weekly meetings. We won society of the year for our efforts in increasing student involvement.
- Position as a Hall senior in University halls; Was available as a first point of call for the first-year students.
